TERMS CASH. 320 HIGH STREET.

SPRING PATTERNS

In Glimmer's Fine Gilt, Embossed and Tapestry Wall Paper.

ANDERSON & THOMPSON.

224 HIGH STREET.

BERKLEY.

The Cannon Brothers, Messrs. E. J. and H. L. of Norfolk, have leased the wharf, ice-house, coal bin and warehouse at the foot of Chestnut street, formerly operated by Messrs. Charles Bliven, Sons & Co. Mr. Cannon states that he will make a special effort to have the transportation companies touch at Berkley wharf this year. Efforts have been made to this end for years, but in spite of the work of the merchants and business men of the town, the transportation companies have passed us unnoticed, and our merchants are compelled to defray the extra expense of drayage and ferrage from Norfolk. Several of the merchants and business men who handle large quantities of freight have expressed themselves as being willing to give any transportation company that would touch Berkley wharves a monopoly of their patronage.

Mr. George H. Frey has recently had his residence very handsomely painted and otherwise improved.

Mr. and Mrs. F. C. Humphries are visiting Mr. J. C. Bell, near Camden, N. C.

Mr. W. B. Dougherty, one of our up-to-date merchants, is having two ladies' and gents' departments of his store on Chestnut street extended back 20 feet, making them eighty feet in length. They will be equipped and arranged with all the modern improvements.

Capt. J. S. Whitworth has recently purchased a handsome residence in South Norfolk.

Mrs. Gibson and son, who have been spending two months with Mr. and Mrs. George H. Frey, left yesterday for their home in New York.

Mr. H. L. West asks your attention through an advertisement in this issue to his handsome line of spring shoes recently received. He invites you to call and inspect his stock before purchasing elsewhere.

Bishop Randolph confirmed a large class at St. Paul's Church last night.

THE CHURCHES TO-MORROW.

Berkley Avenue Baptist Church, T. Claggett Skinner, pastor—Divine worship morning and evening; 11 a. m., "Andrew, the Elder"; 7:30 p. m., "Gospel Potency"; Sunday school at 9:30 a. m. Young men's meeting, 7:30.

Armstrong Memorial Presbyterian Church, Rev. W. A. Shymaker, pastor—Teaching at 11 a. m. and 7:30 p. m. Sunday school at 9:30 a. m.

Main Street Christian Church, Rev. M. W. Butler, pastor—Teaching at 11 a. m. and 7:30 p. m.; Sunday school at 9:30 a. m.

South Norfolk Baptist Church, Rev. S. S. Robinson, pastor—Services for Sunday, March 26th; Sunday school at 9:30 a. m.; preaching by the pastor at 11 a. m., subject, "Prayer"; Preaching by the pastor at 7:30 p. m., subject, "The Gospel Cry in the Wilderness"; Prayer meeting Wednesday night at 7:30.

Miss Hannah Culberson, of Norfolk College for Young Ladies, is pleasantly passing a few days with her friend, Miss Bessie Davis, of South Norfolk.

But Few Votes for Quay.

(By Telegraph to Virginian-Pilot.)

Harrisburg, Pa., March 24.—The fifty-seventh ballot for United States Senator resulted: Quay, Rep., 35; Jenks, Dem., 24; Daboll, Rep., 10; Stone, Rep., 2; Irvin, Rep., 4; Huff, Rep., 5; Stowart, Rep., 5; Widener, Rep., 3; Rice, Rep., 1; Ritter, Rep., 1; Grow, Rep., 1; Tubbs, Rep., 1; Markle, Rep., 1. Total vote, 103—no quorum.

WHOOPING

One of the most distressing sights is to see a child almost choking with the dreadful whooping-cough. Give the child Dr. John W. Bull's Cough Syrup, relief will be obtained at once and the sufferer will soon be cured.

Dr. Bull's

COUGH SYRUP

Cures Whooping-Cough quickly.

Doses are small and pleasant to take. Doctors recommend it. Price 25c. At all druggists.

BERKLEY ADVTs

I HAVE THEM.

Spring goods, full line of Tans, Vio and Patent Leather. We invite you to call and get a bargain at the only Shoe Store in Portsmouth.

H. L. WEST,

36 Chestnut street.

THE ELMIRA SAW WORKS,

OF ELMIRA, N. Y.

will remove their plant to Norfolk and locate on the Berkley side of the river at the junction of Tenth street and the Norfolk and Western railroad, where they will manufacture and repair all kinds of Circular Saws.

For further information address

THE VIRGINIA SAW WORKS,

623-1st BERKLEY, VA.

JOHN S. ETHERIDGE.

LIVERY AND BOARDING STABLES

BERKLEY, VA.

Norfolk and Portsmouth trade solicited.

NEWS OF THE WORLD BY CABLE TELEGRAPH NEWS CONTINUED FROM PAGE 6

THE TEXAS LYNCHINGS

A Coroner's Jury Perpetrates a Gruesome Joke.

Three More Dead Bodies Found—Several Missing Negroes Are Believed to Have Been Summary Death With—Conflicting Reports.

(By Telegraph to Virginian-Pilot.)

Texarkana, Ark., March 24.—Details of the wholesale lynchings reported to have occurred in Little River county are slow in coming in. Three more dead negroes have been found in Red River bottoms between New Boston, Texas and Rocky Comfort, Ark., two of them, Joe King and Moses Jones having been hanged or shot to death. The third body was stripped entirely naked when found.

A GRUESOME JOKE.

A Justice of the peace held an inquest over these bodies and a verdict was returned by the jury declaring that the men "came to their death from natural causes, or were frozen to death." The verdict is regarded as a gruesome joke.

There is some doubt as to where these lynchings occurred, it being near the State line. The inquest was held by a Texas justice of the peace.

TALKED TOO MUCH.

Joe King is one of the negroes who was whipped by a crowd of whites Wednesday, near Rocky Comfort. Just after the lynching of Dockett, a constable went to King's house and told him that Dockett had been lynched for the assassination of Farmer Stockton. King replied that he knew all about the Stockton killing, and said that the farmer ought to have been killed sooner, and also intimated that others would be killed before the matter was settled. A crowd of indignant whites soon had King in charge, and took him to the woods, where he was thoroughly whipped and released. It is not known where or by whom he was afterward hung up, but he no doubt fell into the hands of one of the lynch-party that were organized after the plot of the negroes to start a race war was unearthed.

John Johnson was whipped by the same crowd who took King in hand, and as he has not been accounted for since, it is believed that he met his death at the end of a rope somewhere in the vicinity of Red River.

CONFLICTING REPORTS.

Many sensational reports are reaching here today from the scene of the disturbance, but very little authentic information can be gathered. One report states that the whites are still in organized posse hunting the leaders in the negro revolutionary plot with the avowed intention of stringing them up wherever found. Another report states that the negroes are recovering from their terror and are securing arms, and threaten vengeance on the whites. If this proves true serious trouble may result.

General Dockett, the first man hanged, was a power among the negroes and had many followers.

A colored man who arrived here today from Wilton, says that every negro in the neighborhood of Rocky Comfort and Richmond have left their homes and are afraid to return. A large number of them have crossed Red River and gone into Bowie county, Tex. He says more negroes have been killed than have yet been reported.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of Dr. Williams' Little Early Risers, the famous little pills. Burrow-Martin Company.

SOUND PHOTOGRAPHED.

A DESCRIPTION OF HOW IT WAS DONE.

(By Telegraph to Virginian-Pilot.)

Madison, Wis., March 24.—Professor E. W. Wood, of Madison, has succeeded in making photographs of waves of sound in air. The sound wave is the crack of an electric spark, and it is illuminated and photographed by the light of a second spark, which flashes between two magnesium wires at some distance behind the first, and at an interval of about one ten-thousandth of a second after the first spark. The sound wave is thus caught before it has gotten out of the field of the instrument, although moving with a velocity of one thousand feet a second. The wave appears as a thin crack of shadow with a light border, being simply a sectional view of the rapidly diverging spherical shell of condensed air constituting the sound wave. By placing a glass plate near the point where the wave starts, the reflected wave or echo, has been photographed, which appears as a circle with equal but opposite curvature. These waves were observed by Topler, a German physicist, a number of years ago, but they have never been photographed before.

Our new lot of Huddersfield Suitings include some "special designs" in grey worsteds.

RUDOLPHI & WALLACE.

233 Main street.

Long Invited to North Carolina.

(By Telegraph to Virginian-Pilot.)

Washington, March 24.—Secretary Long was today waited upon by a delegation of North Carolinians composed of Assistant Attorney General Boyd, the president of the University of North Carolina, and Judge Advocate Lemly, who invited him to deliver the annual address May 31st, at the North Carolina University at Chapel Hill. The secretary was obliged to decline this invitation regretfully, solely on the ground that he had made a positive engagement for that date.

Before the discovery of One Minute Cough Cure, ministers were greatly disturbed by coughing congregations. No excuse for it now. Burrow-Martin Company.

Bank Clearings.

(By Telegraph to Virginian-Pilot.)

New York, March 24.—The total bank clearings in the United States for the week were \$1,881,504,731; per cent. increase, 73.4.

Exclusive of New York, \$611,270,453; per cent. increase, 23.4.

CONDITION OF TRADE.

GENERAL COMMERCIAL SITUATION CONTINUES TO PRESENT APPARENT STRENGTH.

(By Telegraph to Virginian-Pilot.)

New York, March 24.—Bradstreet's to-morrow will say:

Stormy weather, retarding spring distribution in some sections has imparted an irregular appearance to general trade, while some few reductions in prices of raw materials and some few other metals, serve to create the otherwise almost unvarying appearance of strength of staple values. The general commercial situation, however, continues to present much apparent strength, and the few lines that note a quiet tone of business and ready substitutes among other branches, which as yet have been rather backward. The saw of wheat prices has been upward this week, the steadily on reports of crop damage at home and abroad, but largely owing to speculative overkill during last week's depression, which, by the way, developed some good foreign buying.

Better weather at the South, and especially improved roads, find reflection in a larger volume of receipts of cotton this week, and the result is a fractional shading of prices.

Coffee is slightly lower on the week, on rather less active jobbing inquiry, while the higher price of copper seems at last to be affecting demand, which has slackened up, with a consequent drop in value of that metal, sympathized in by declines in tin and lead.

The iron situation is still one of great strength, though the volume of business is considerably smaller than for some weeks past, and one grade of pig, however, is lower on the week. Nearly every other grade of pig iron is higher on the week, however. Steel billets and rails are firmly held and nearly all classes of finished material are higher, reflecting the earlier advance in the crude forms.

The best and shrewdest situation with jobbers is quite encouraging, hides, though dull are firm, and the same is true of leather, while the current demand for the finished product keeps manufacturers busy.

Cotton goods retain all their old strength, though somewhat quieter in demand at first hands, while the bulk of combination in the manufacturing branch of trade has seriously unsettled the price of raw wool, which is weak and lower.

Sugar collects steadily buying in practically unchanged quotation.

Lumber is feeling the stimulus of the approach of active building operations, and while pine and spruce are higher at nearly all markets, with hard woods sympathizing and ever outstripping these classes of material in their upward movement.

Industrially, the situation is satisfactory. While actual advances in wages are as yet confined to the cotton manufacturing and the iron and steel industries, the current of work in other lines is running full, and the number of operatives who have gained some advantage from the activity in all industrial lines totals, say 100,000.

Wheat, including flour shipments for the week, aggregate 3,748,761 bushels, against 3,646,675 bushels last week; 3,663,018 bushels in the corresponding week of 1898; 1,740,419 bushels in 1897; 1,744,327 bushels in 1896, and 2,502,965 bushels in 1895.

Since July 1 this season the exports of wheat aggregate 150,812,502 bushels, against 176,516,888 bushels last year.

Corn exports for the week aggregate 2,655,629 bushels, against 2,213,326 bushels last week; 4,490,267 bushels in the week a year ago; 5,852,857 bushels in 1897; 1,777,992 bushels in 1896, and 672,451 bushels in 1895.

Since July 1 this season corn exports aggregate 126,154,582 bushels, against 151,057,629 bushels during the same period a year ago.

Business failures for the week number only 182, as against 265 last week, a drop of 23 and compared with 215 in this week a year ago; 221 in 1897; 270 in 1896, and 272 in 1895, and Canadian failures number 33 for the week as against 21 last week, 29 in this week a year ago; 40 in 1897; 41 in 1896, and 49 in 1895.

Unskilled Workmen's Wages Raised.

(By Telegraph to Virginian-Pilot.)

Warren, O., March 24.—The pay of unskilled workmen at the Warren mill of the National Steel Company was today increased from \$1.15 to \$1.25 per day. The raise takes effect at once.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would pass away. I was treated by several physicians, but in spite of their efforts the Cancer spread and enlarged. After many months of treatment and growing steadily worse, I decided to try S. S. S., which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little cancer dropped off. Ten years have elapsed, and not a sign of the disease has returned."

J. W. WILKINS, K. W. WILKINS, K. W. WILKINS, K. W. WILKINS.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

S. S. S. For Blood

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable.

All others contain potash and mercury, the most dangerous of minerals.

Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.

Germany's Demand.

CHIEF JUSTICE CHAMBERS MUST LEAVE SAMOA.

(By Telegraph to Virginian-Pilot.)

London, March 24.—The Berlin correspondent of the Morning Post says:

"I am informed that Germany regards the withdrawal of Chief Justice Chambers from Samoa as imperative, and that a refusal on the part of the United States to withdraw him would be equivalent to the abandonment of negotiations concerning Samoa."

Lawyer Shoots a Judge.

(By Telegraph to Virginian-Pilot.)

Dallas, Texas, March 24.—At Sweetwater E. P. Woodruff, a lawyer, attacked and shot Judge John H. Cochran with a revolver, the trouble growing out of the court's refusal to approve a bill of exceptions in a lawsuit. Judge Cochran attempted to defend himself, and a by-stander named R. P. Watts was shot in the hip. Watts and Judge Cochran are in a critical condition.

Summer School of Methods.

(By Telegraph to Virginian-Pilot.)

Richmond, Va., March 24.—E. C. Glass, of Lynchburg, superintendent of the School of Methods, is here to see Governor Tyler and Secretary Brent, of the State Board of Education, with reference to the location of the school this summer. Mr. Glass and several gentlemen, representing Roanoke, Newport News, Charlottesville and Staunton, will meet at the rooms of the Board of Education to-morrow afternoon for the purpose of deciding finally as to the location.

WINE OF CARDUI

Good Spirits Revived.

CECIL, ALA., Dec. 23.

I had fainting spells, heart failure, weak eyes, scanty menses, and womb disease. I am 18 years old, but I found myself unable to study in that condition. I took Wine of Cardui and Black Draught, and they brought me around all right. With the relief, good spirits and happiness returned.

MISS CARRIE HARRIS.

Wine of Cardui

A girl or woman, suffering with the diseases which afflict her sex is pretty sure to have the blues. She will be dull, listless and easily irritated—a burden to herself and those around her. Sometimes she will sit or lie for hours, staring into vacancy, utterly unable to see anything but despair ahead. This sad condition is easily corrected, although many women refuse to think so. They wrongly suppose their troubles are incurable because their sufferings are so great. To these women Wine of Cardui will prove a real blessing. It will restore the distinctly feminine organs to health and strength. It will crush out the blues and revive the spirits. Its good effects are widespread. No matter what be a woman's ailment, if menstruation is in any way affected, Wine of Cardui is the proper, natural remedy.
